The yoghurts, apples and oranges that kept me alive while I was unable to leave my laptop.

The inspirational music I listened to during writer's block. Primarily, Hoja and Shrek.

The thesaurus I used for writing most of Timmy's lines.

The car wash where I liked to hose down our family vehicle and imagine that I was holding a Dracon beam.

Arby's drive-thru for providing my inspiration for multi-task thought-speech stress.

My old high school teacher, Ms. Flinn, for my reference to rubber chickens in chapter 17 of The Rebellion.

The bus driver on my Band trip for my reference to Bus Idol in chapter 22 of The Rebellion.

The Bel Canto Children's Choir for their appearance in chapter 23 of The End.

Every positive review of the original ending which convinced me that the world needed new messages.

Every negative review of the original ending which supported my beliefs. The following review in particular:

★★★★☆ **The Animorphs are no more.**, July 14, 2002

Reviewer: [Remnants 2011](#) (USA) - [See all my reviews](#)

Well, here it is. It finally came. Their last battle. Wow. I'm Speechless. Really.

First of all I can't believe that those were the people I spent 2 whole years following their every move, taking in every word, and being a faithful fan... Really It's like some stranger came in and took over! Maybe it was the Yeerks who took over K.A. Applegates brain and made her write this horrid book!

Ok, ok, I know that every good thing has to end eventually, but it should at least explain why! Like, How dare Jake send Rachel into the blade ship without telling anyone, and why not send in some reinforcements? And whatever happened to the disabled kids who could morph? Or Tobias' Mom? Or why did Cassie just go back to her life like nothing ever happened? Anyone who's ever read an Animorph book would know how often they talked about what would happen if they ever did defeat the yeerks? How DARE she go out with another guy, and then not go along with them to rescue Ax! and what about.....

So many questions, so little answers...

So if your reading this review, I know that you probaly want to know one thing, is it worth buying?

My answer, If you are a fan and have read the books you unfourtunately really should read this, as much as we would all like them to go on and on, It's time for Animorphs to end.

Maybe one day some one will come along and have such love of this series they might write a real end, an end that would be worthy of the books that have held the hopes, dreams, and memories of many kids and teens, and even a few adults, for a long six years, and counting...

But all I can say is Rest in Peace Animorphs, We will Never forget.

Everyone who signed my Guest Book or sent me e-mail. Your comments are the thrills I crave on good days and the encouragement I need on bad ones.

Brianna Thomas. My illustrator and steady believer.

Shannon Rea for her support.

Also for suggesting that I should make space for Collette's perspective in The End.

Kryisia Anderson. My most enthusiastic fan.

Majal for her support and the use of her name in the story.

Diondra for the use of her name in the story.

Sarah Trick for suggesting that Marco and Collette should get together.

The blissful weeks at my godparents' house in Burnaby where I enjoyed good company, good food and ample time to write.

My sisters, Angela and Tegan, for providing endless inspiration for characters Jordan and Sara.

Angela for reminding me to do practical things like eat and sleep.

Tegan for her keen interest in my writing.

My father for keeping me in touch with the real world long enough to live in it.

My mother for having the guts to tell me when an idea I had wasn't working.

K.A. Applegate for her Animorphs series.

The skeptics who drove me into inspirational rages.

The believers who calmed me into inspirational stupors.

Everyone in the world who inspired me in one way or another.
