

Big White Rally Weekend - Event Bulletin #3

Stage Rally Competitor's Bulletin

Service

The service area is on the southwest side of the Happy Valley Parking Lot. Service spots will be assigned as 10 m wide x 15m deep stalls along the back side of the lot, and teams will be able to pull into their spots when they arrive on Thursday (bring flashlights so you can see the markers). Overnight, monitored parking is available in the designated service area. See the attached service diagram for assignments.

Registration

Extra awards party wristbands have already been prearranged with the organizer. They can be picked up and paid for at registration on Friday AM or PM. Two 'event vehicle' cards will be part of the registration package for each team. These are to be used for vehicles other than those left in the service area, for overnight parking in the Happy Valley lot, in the section labeled 'event parking' on the diagram

Parking Notice of Courtesy

Please park as far away from the Day Lodge as possible, and encourage your crew, family and fans to do the same. The parking closest to the Day Lodge must be available for regular resort visitors.

Reconnaissance

There WILL be LOADED LOGGING TRUCKS hauling out of the Black Forest Stage on Friday. The truck drivers have been made aware that there will be rally traffic on Friday; please, be prepared to encounter the trucks, respect the drivers, and keep to your side of the road. Although you may encounter trucks at any point during recce, you are virtually guaranteed to encounter them from either direction in the first three kilometres of Black Forest East (final three kilometers of Black Forest West.)

Interprovincial Rally Forum

Rallyists from BC and AB are encouraged to attend a meeting and social focused on increasing collaboration between the regions. Topics for discussion include stage and TSD schedules, and rule changing procedures. See Bulletin # 2 for details.

Exclusion Penalty

The security firm at Big White has been instructed to record the information of any vehicle being driven inappropriately at or near the resort, including in the Happy Valley Parking Lot. This information will be reported to the event organizers, who will exclude any competitor listed as a rally weekend participant, without refund.

Contact Information

As first time rally organizers, we're doing our very best to keep up with all the details; please contact us if you come across any information gaps or need to clarify something further. Jennifer (250) 938-7258 Alex (250) 864-9379
