Explorations IV Grade 8/FI WEB PAGE ASSIGNMENT Mark Sheet
Due Tuesday, April 16

Important Notes : **Name** _____ **Block** _____

1. Use Netscape Composer in Netscape Navigator to author your Web page.
2. Make sure you **SAVE** everything for your Web page to your Web Page. folder inside your Username folder on the Banting Server in Students.
3. Use the search engines on the school Web site to help you.

Theme _____ (10 Marks) _____

MindMap (Yes) Not used (10 Marks) _____

You may create a web page about any topic you wish. However, you must follow these guidelines. Plan a web page that has a specific theme. For example, don't just create a page about dogs, create a page about cocker spaniels or german shepherds. Your web site topic should be something that interests you. Feel free to ask me for advice. I reserve the right to veto any Web site topic, even if it falls within the above guidelines. Make sure the title and headings reflect the theme of the web page. Do not call your page "My First Web Page." Most importantly, try to be ORIGINAL.

WEB PAGE COMPONENTS : Your page must have the following:

1. a proper title. (5)
2. a link to Banting's Web Site, http://www.sd43.bc.ca/schools/93/index.htm (5)
3. no less than 1 image related to your theme (10)
4. one caption per image (10)
5. no less than 2 links related to your theme (4)
6. one example of centering, **bold text**, and *italic text* (6)
7. in addition to your captions, you must have at least 10 sentences which describe your theme. If you are creating a web page about a person, you might include a biography or a list of his or her life accomplishments. If you are creating a web page about a thing such as a car, you might write about its capabilities or history. If you are writing about an activity such as snow boarding or skiing, you might write about technique, styles, or great locations. (20)
