Stretch the catcher to propel the ball to your partner.

Spring & Catch

Exploration, Motor Skills

Catch the fun with this safe, indoor/outdoor ball game for one or two players. As players stretch the fabric catchers and use spring-line action to propel the balls, they develop fine and gross motor skills while strengthening muscle reflexes and hand-eye coordination. Activity guide offers endless competitive and cooperative play possibilities ranging from easy to challenging. Addictive fun for the whole family. Comes complete with two foam balls. 42 cm long
from 5 Years & Up

Hydroblast

Exploration, Motor Skills

Pump up outdoor fun with this water launcher poised to promote large and small motor skills, hand-eye coordination, and visual acuity. To operate Hydroblast, your child dips the tip into water, pulls back on the handle to vacuum up the water, aims and then pushes the handle to spray. It's simple physics in action: the harder your child pushes, the farther the water travels. This family favorite is encased in safe foam and made with waterproof fabric. 60 cm long (when closed)

from 6 Years & Up

Measure Up!® Shovel

Exploration, Motor Skills, Math

Now your child can scoop up learning fun with this large-size sturdy shovel specially designed to turn snow, sand, or water play into an instant math activity. Shovel handle features measuring marks showing 12 inches along one side and 30 centimeters along the other, so it boosts number sequencing, counting, and measuring skills. Oversized handle and scoop invite little ones to develop strength, coordination, and gross motor skills. Perfect for use with our delightful *Garden Works* tool set. 56 cm long
from 3 Years & Up
#2398 **\$12.50 dt exclusive**
