Tomorrow will be Valentine's Day! We will have a Valentine's Day party in our classroom. We are going to invite Ms. Smith's class. It will be a surprise party. It will be fun!

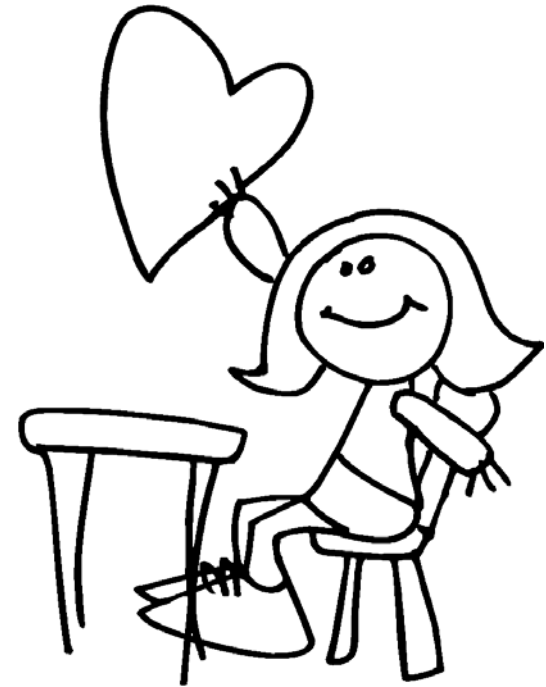

Last, we will open the Valentine box! We will take turns handing out all the Valentines. Then we will tape the cards into a book to take home.

It will be a great party and a big surprise!

When Ms. Smith's class comes into our room, it will be a big surprise. We will play games. Maybe we will play BINGO and Musical Chairs.

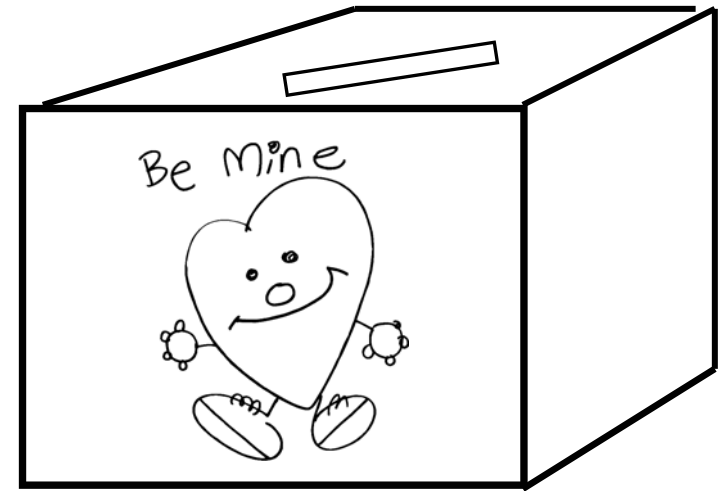

Then we will eat heart cookies and yummy cupcakes. We will have a red drink, too.

Today we will decorate the classroom. We will hang pink and red paper chains and we will cut red hearts to hang up. We will make the classroom all ready for the party. The kids in Ms. Smith's class will be very surprised when they come in!

We are making Valentine cards for everyone in Ms. Smith's class. We will decorate them and colour them. We will print nice things like "I Like You!" and "Be My Valentine" on them.

Then we will decorate a Valentine box. It will be a big box! We will put all the cards into a slot on the top of the box so no one can peek. There will be cards for everyone in our class and for the kids in Ms. Smith's class, too.
