Katie and Mom were visiting Katie's grandma.. "Today we are going to make Easter treats", said Grandma. Katie was happy because she loved to work in the kitchen with grandma. She hoped that they could give some of the treats to her friends.

Katie was so happy. She and her friends set the table and they sat down and ate Easter cookies and Easter cake and Easter chocolates. Katie's Mom helped serve the cake. How yummy! All Katie's friends said that she and grandma were excellent Easter cooks! What a fun day, baking with grandma and having a party! Happy Easter!

Then the doorbell rang! "Who can that be?" asked Katie? "Open the door and find out!" said Grandma. Katie opened the door. It was all her friends! Grandma had planned a surprise Easter party! What a nice surprise.

"First we are going to make cookies!" said Grandma. Katie and grandma rolled out the cookie dough and cut the dough into bunny and egg shapes with a cookie cutter. After the cookies were baked they decorated them with pink and blue and white icing and sprinkles.

"Now we will make a big Easter cake", said Grandma. They mixed the cake batter in a bowl and put it in a big cake pan. After it baked, they decorated the cake with icing and strawberries. Yum, yum!

"Let's make some Easter chocolates" said Grandma. Katie loved chocolates! Grandma helped Katie melt the chocolate and make it into Easter shapes. How pretty!
