Indy Teams and Members

Core Members Unlock Level A

SPECIAL RULE FOR INDY TEAMS: As it is almost impossible to make a single faction Indy Team, more than one Indy Team must be chosen and played together as a Multiple Faction team. With the Multiple Faction Team selection, each team has it's own respective Team Ability, and cannot purchase the other Factions Team Ability.

Each Team has a numerical Faction Point value associated with it. An Indy Multiple Faction Team is composed of a total of 4 Faction Points.

When calculating Team Build Totals for Unlocking Levels, combine the Team Build of all Factions.

A Any Indy team must have 450 TB points of Indy Dual Faction members on the team to unlock Level A.
