

THE SOLUTION FOR CALIFORNIA: JOIN CANADA!

CONSIDER THESE AMAZING FACTS ...

- More than one million Canadians already live in California! So why not make *every* Californian a Canadian?
- The abbreviation for California is CA ... the first two letters of Canada are too!
- As a Canadian province, California would have more than half the population, so it could boss around the rest of the country!
- California needs reliable electrical power ... Canada has plenty available, except maybe for Ontario!
- California has a shortage of fresh water ... Canada has an abundance of fresh water!
- Stefan Jonasson is NOT Gray Davis!
- He's NOT Arnold Schwarzenegger, either!
- Canada has no Democrats or Republicans!

Stop the Republican coup d'état ...

Support Canadian conquest instead!
