

ISLAND MAGIC MENTORING PROGRAMME

The Island Magic committee will commence a Mentoring Programme in June, 2009. Over a four year period, \$500 will be given annually to each of TWO members who apply to attend calligraphy conferences.

The Mentoring Programme application is not based on a particular level of calligraphic skill and, therefore, may be awarded to anyone from beginner to advanced level of experience, but the applicant should have a basic knowledge of calligraphy.

Guidelines are as follows:

Any paid up member of the Warmland Calligraphers may apply.

Priority will be given for major conferences requiring travel.

No person may receive these monies more than once.

Members will submit a written application to the Island Magic committee.

Successful applicants are required to share their experience with the Guild.

An article for the newsletter is mandatory. You may choose to give a picture/slide presentation of the conference and your class(es) in particular, conduct a "hands on" session at one of our meetings, or teach a workshop using techniques learned at the conference attended

Successful applicants must share three of their FINISHED pieces showing the techniques learned.

Submit this completed form to the Island Magic Committee.
